QUALITY POLICY STATEMENT

Siderise Insulation Ltd specialises in the design and manufacture of products for use in fire compartmentation, noise control and thermal insulation.

The management team of Siderise Insulation Ltd fully recognise the need for the products and services supplied by the company to be recognised as being of the highest quality. We are fully committed to the development, implementation and improvement of the Quality Management System. Accordingly, we have required that the Company develop, implement and utilise fully, a Quality Management System meeting the requirements of ISO 9001:2015, to control the quality of products and services supplied to meet customer requirements.

Siderise Insulation Ltd are committed to:

- Consistently meeting customer requirements by:
 - Monitoring the commitments, we make to customers.
 - Conduct audits to ensure we are compliant.
 - Monitoring planning and stock accuracy.
- Continuously monitoring our process to maintain conformity of products and services by:
 - Reporting and Monitoring Non-conformities and implementing corrective actions.
 - Monitor and review our internal specifications and external providers for conformity.
- Continually improve the effectiveness of the QMS and the provision of our services and products by.
 - Holding management review meetings to identify potential risks and opportunities.
 - Review policy and procedures for relevance and accuracy.

Siderise Insulation Limited recognises that the quality of our products and services is everybody's responsibility and as such is committed to ensuring our people have adequate resources, training and communication about customer requirements, our quality objectives, processes and performance.
